

# NCCS Non-cash Charitable Contributions Statement 8283

## IRS REQUIRES A RECEIPT FOR ALL NCC DEDUCTIONS

Although this simplified form is what we need to prepare your tax return, we suggest that you fill out form NCC for your own record keeping purposes. You should also obtain a receipt from each charitable organization for your records.

### APPRAISALS

Clothing and other household items (furniture, home furnishings, electronics, appliances, linens and similar items) donated must be in good used condition or better. Any item valued more than \$500 and not in good used condition or better, may only be deducted if a qualified appraisal is attached to the tax return. If all NCC Forms Column "G" exceed \$5,000 an appraisal is required.

**Donating a Car to Charity:** A written receipt from the charity is required, and the receipt must be in your hands within 30 days of the charity's sale of your vehicle or 30 days of your contribution. The written receipt must include your name and tax identification number as well as the vehicle identification number. If the charity sells the vehicle, your deduction is limited to the gross proceeds of the sale. The charity is required to certify in writing to you whether your vehicle was sold or if they intend to sell it or whether the charity intends to use the vehicle and will not transfer it in exchange for money, other property, or services.
